MOW THE MAN DOWN

"Phew! This is hard work!" complained Fred Flintstone as he pushed his lawn mower up and down his back yard. Fred hadn't cut the grass in a long time. His lawn looked more like a jungle than a back yard.

"That's what you get for being so lazy," yelled Barney who was painting the side of his house. "If you'd cut your lawn regularly, you wouldn't be having such a hard time. If anyone is working hard, it's me! It's the hottest day of the year, and I'm stuck up here on this ladder because Betty wants our house repainted!"

"You call that hard work?" answered Fred. "Painting a house isn't anything to complain about. After I finish mowing the lawn, I've got to prune the trees. Even a Dum-Dum like you should be able to tell that I've got the hardest job. Besides, if you'd painted your house last week like you were supposed to, you wouldn't be stuck up on a ladder on the hottest day of the year!"

"I guess you're right," replied Barney. "We've both been goofing off, and now we're paying for it. I admit that your job is just as hard as mine, but you didn't have to call me Dum-Dum!"

"I'm sorry," apologized Fred as he paused to wipe the sweat off of his brow. "Say! You've just given me a great idea! Why are we killing ourselves by doing this hard work?"

"We're killing ourselves because the girls will really kill us if they come home from shopping and find us goofing off again," answered Barney Rubble as he

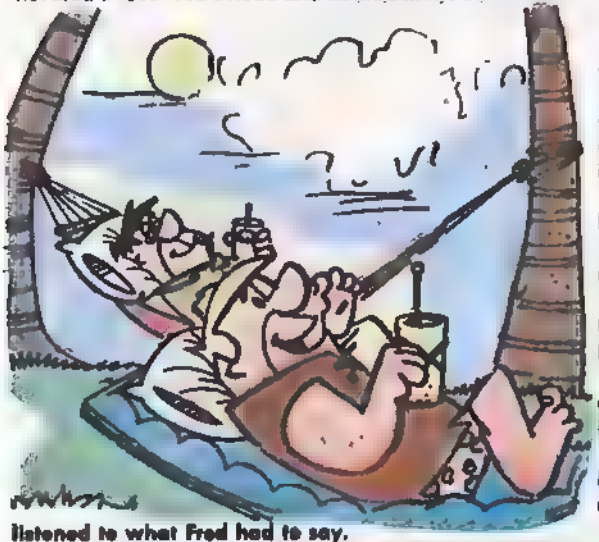
continued to paint.

"The jobs have to be done, but we don't have to do them," explained Fred. "We can get the Great Gazoo to help us. That's what he's here for! We can relax in the shade and take a snooze while the Great Gazoo uses his magic to do our jobs for us!"

"Right-O, Freddie Boy!" replied Barney happily as he slid down the ladder and then hopped over the stone wall that separated their yards.

"Gazoo! Gazoo! Great Gazoo, where are you? Snap to it, Gazoo and appear! We've got work for you to do!" they shouted.

The Great Gazoo appeared in a puff of smoke. He hovered above Fred's head and floated in the air as he



listened to what Fred had to say.

"What do you and little Dum-Dum want now, fat boy?" asked the Great Gazoo.

"I've got to mow the lawn and prune the trees," Fred explained.

"I've got to paint the house," said Barney.

"And you're both too lazy to do your jobs so you want me to do them for you, right?" guessed the Great Gazoo.

"Well, Right!" admitted Fred.

"Leave it to me, boys. I'll take care of everything. Back on my planet we have machines to do jobs like this. I'll just snap my fingers and make a couple of machines appear. They'll do you chores," promised Gazoo.

Fred and Barney thanked Gazoo and then walked under a shade tree where Wilma had placed a huge pitcher of cold lemonade. They each drank a glass of lemonade and then laid down in the shade. Soon, they were both sound asleep.

Gazoo pointed at the ladder leaning against Barney's house. He snapped his fingers, and there was a flash of light. When the smoke cleared, a robot with built-in paint brushes for hands was standing on the ladder.

"Get to work!" ordered the Great Gazoo. The robot quickly began to paint.

Gazoo then turned his attention to Fred's lawn. He clapped his hands. There was the sound of thunder and a flash of bright light. A robot with scissors for hands and a lawn mower for feet magically appeared.

"Let's go! No loafing!" said Gazoo as the robot began to mow Fred's lawn.

Fred and Barney looked so comfortable that Gazoo decided to join them. Soon, he too, was sound asleep.

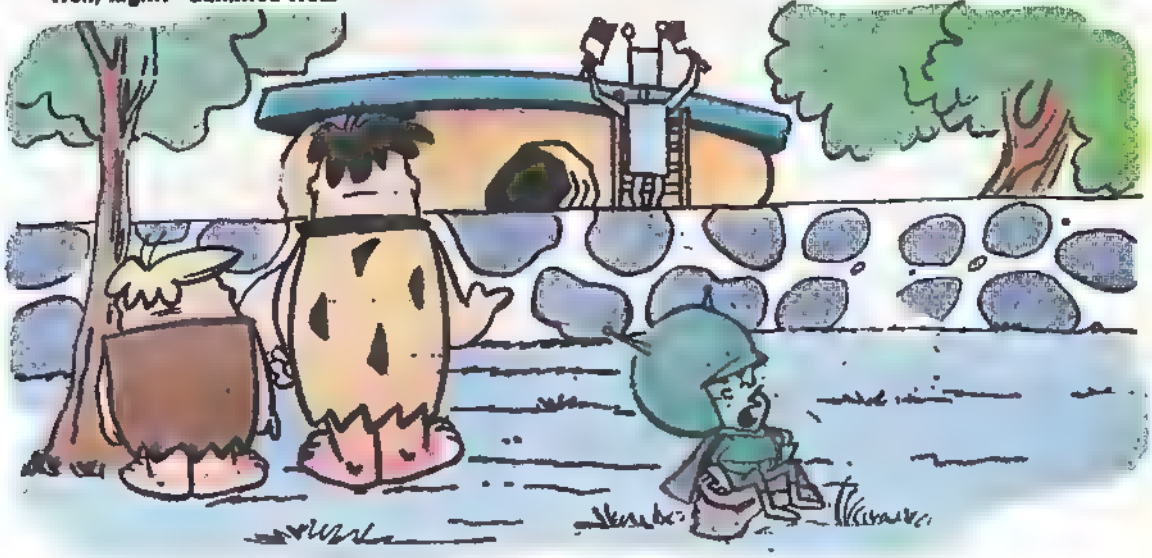
The robots cut and painted and cut and painted until their jobs were done. With no one to watch over them, they didn't know when to stop.

The grass cutting robot cut down Wilma's flowers and tore up Betty's vegetable garden before it crashed into the stone wall and broke into a million pieces.

The robot painter painted Barney's house, its roof, its chimney and Fred's entire house too before falling off of the ladder and breaking apart.

When Fred and Barney opened their eyes they didn't believe the mess that they saw. "Let's clean it up quick before the girls get home!" said Fred. Fred and Barney had to work twice as hard as before to clean up the mess that the Great Gazoo's robots had made.

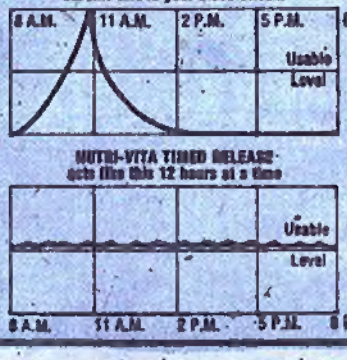
When Gazoo opened his eyes he saw Fred and Barney sweating and straining out under the hot sun. "Silly Dum-Dums," he said. "I do all of their work for them and instead of relaxing they find more work to do!"



Revolutionary New Timed-Release Nutrient Tablet

AUTOMATICALLY REPLACES THE VITAMINS YOUR BODY USES UP, EVERY SECOND OF EVERY DAY!

Actually meters out 42 active vitamins, minerals and essential amino acids... hour after hour... in a continuous fresh supply.



These three biological breakthroughs make NUTRI-VITA dramatically more effective:

1. TIMED RELEASE. Ordinary tablets and capsules dissolve immediately and begin to leave the body. Nutri-Vita stays in your blood stream for all day, all night action.

2. CHELATED MINERALS. Nutri-Vita's minerals are biologically bonded to protein. This makes them more available to your system than ordinary mineral supplements.

3. INGREDIENT ISOLATION. Many vitamin and mineral combinations actually neutralize themselves on contact—in the tablet or in your stomach. Nutri-Vita's ingredients stay separate—and effective until your body uses them.

Vitamins, minerals and amino acids—are essential to human health. No wonder millions of Americans choose to augment their family's diet with a vitamin-mineral supplement every day.

But up to now, NO supplement could give you the vitamins, minerals, and amino acids you need... at precisely the moment you need them. NUTRI-VITA does! Because unless all the right ingredients are furnished at the right time, many of the nutrients in the food you eat will be wasted.

SCIENTIFICALLY FORMULATED FOR MAXIMUM BIOLOGICAL VALUE. Fifteen years in the development, Nutri-Vita has been used and tested by hundreds of world champion athletes, and by ordinary men and women all over the country. They report increased endurance*, greater capacity to handle heavy workloads**, and less fatigue*** when using Nutri-Vita as compared to any preparation they used before. Nutri-Vita even helps maintain energy levels while dieting****.

That's because Nutri-Vita's formulation is not only nutritionally superior in itself, it incorporates totally new concepts of manufacture that provide maximum biological value for your body.

Here is how this special nutritional supplement achieves the kind of superior action that has never been available from any tablet or capsule before:

ROUND-THE-CLOCK NUTRIENT PROTECTION. Vitamins (except A, D, E, and K) are water soluble and cannot be stored in the body for later use. Any excess is passed through the body and lost. With supplements that dissolve all at once, therefore, the vitamin level may quickly peak at far more than the tissues can use at any one time—then just as quickly sink to the previous level. So even though you take a high potency supplement you may actually be vitamin starved for most of the day!

Nutri-Vita tablets, on the other hand are timed release... to meter out fresh nutrients constantly. They rise to the proper level for maximum utilization in your blood, ready for your body to use them as it needs them—for up to 12 hours at a time. By taking Nutri-Vita just morning and night, you get round-the-clock nutrient protection that's substantially more available to your system than the same amount of vitamins in ordinary capsules and tablets.

POTENCY PROTECTED. Many products ignore the fact that certain vitamins and minerals are chemically incompatible and react very readily to neutralize each other. That is why all of the ingredients in a Nutri-Vita tablet are isolated from each other by a special patented process. This keeps them potent until the moment of absorption into the blood stream, where deactivation is no longer a problem. With Nutri-Vita, your body gets what the label says.

Nutri-Vita is many times more active because, we use a process known as chelation (from the Greek "keles" for claw). In it, minerals are bonded to protein with a biochemical "claw." Masked by the protein, the minerals now seem organic to your body and are readily absorbed. This process is so effective that studies have shown chelated minerals to be more available to the body than ordinary minerals. All minerals in Nutri-Vita are chelated.

PLUS ALL THE ESSENTIAL AMINO ACIDS. Proteins are the building blocks of tissues. And amino acids are the building blocks of protein. Those amino acids which the body cannot manufacture for itself are called essential amino acids and must be furnished every day. Nutri-Vita releases the eight essential amino acids into your blood stream all day long—ready at meal times and snack times to help complete the proteins in the food you eat.

Famous National, Olympic and World Record Champions Compare Nutri-Vita in these unsolicited comments:

"Strength has increased without a concurrent weight increase."
Richard B. Watson—Two-time U.S. Decathlon Champion

"Personally, my teammates... and I can feel the beneficial effects of Nutri-Vita hours after ingestion... the inclusion of protein (maintains) energy levels while dieting."
Richard E. Morris**—Greater Atlantic Coast Powerlift Champion, 1974**

"Our crew was introduced to Nutri-Vita... while we were preparing for... the Royal Henley Regatta in England. I was very impressed with how the oarsmen responded. They seemed to recuperate faster and their overall fatigue level was improved."
Gary Klipstein**—Varsity Lightweight Crew Coach, Princeton University**

"Nutri-Vita (makes) hard work seem a lot easier. As I am not a chemist, I can not understand how it works, but as an athlete, I know it does work."
Carl Berisch, Cleveland Browns

"I have used Nutri-Vita for over two years now, and have felt quite a difference in my training and performance. Nutri-Vita helps recovery time and increases endurance."
Fred Samara—1973 National AAU Decathlon Champion**

"We used (Nutri-Vita) with both university swimmers and age group swimmers. The most noticeable effect being increased capacity to handle heavy work loads in training... Excellent and a valuable asset to athletes."
William Farley—Varsity Swimming Coach, Princeton Univ. Coach, Eastern Collegiate Swimming Championship Team, 1972, 1974**

IMPORTANT NEWS IF YOU SMOKE. Tobacco and vitamins are antagonists. A cigarette destroys vitamin C in your system. Nutri-Vita helps protect you against such deficiencies by constantly releasing a fresh supply of vitamins after every cigarette. It's the round-the-clock source of all the nutrients your body is known to need, in the form it can use them best.

NUTRI-VITA WILL WORK FOR YOU OR YOUR MONEY BACK. Would you like to provide your family with "vitamin insurance"? Nutri-Vita can give you the help you need. Because Nutri-Vita provides large doses of nutrients in a concentrated form every hour of every day. That way your body selects exactly the nutrients it needs at exactly the moment it needs them. Doesn't this make much more sense than assaulting your system with a massive dosage of vitamins once a day, many of which will be simply excreted?

See for yourself whether Nutri-Vita helps make you and every member of your family feel the way famous athletes say it makes them feel... "Stronger and more energetic hours after they take it." Nutri-Vita makes sense to them. Try Nutri-Vita for 30 days and see if it doesn't make sense to you, too. Satisfaction guaranteed or your money back of course.

NUTRI-VITA Timed Release Nutritional Supplement
A specially balanced, factory fresh formula of 12 vitamins, 9 minerals, and 21 nutrients including all 8 essential amino acids. Contains no sugar, no starch, no binders, no artificial colors, no artificial flavors.
